

Terms and Conditions between NMPAT and Schools in the Direct Billing of Parents Scheme

First Access Projects (including First Access Continuation Projects, Whole Class National Curriculum Teaching and other music education services)

1. **Scheduled First Access projects:** other than in exceptional circumstances, scheduled projects cannot be rearranged and a cancelled project will attract full payment.
 - a. Where schools are unable to accept a project visit because of unavoidable closures (e.g. training days, school visits, pandemic or epidemic, etc.) every effort will be made to provide an additional visit, but this is not always possible within an academic term.
2. **Length of Project:** First Access projects are delivered across a 10 week term, which will usually include a performance in the final week of the project.
3. **First Access Grant:** Once a project has been agreed, the cost of the project will be offset against the grant figure for the school. Any additional charge will be invoiced in the term of the project. Any residual grant will be spread equally across the remaining chargeable periods to be used as a discount against other services.
4. **Term of contract - Whole class teaching and other music education services:** Other than in exceptional circumstances, this Agreement is for an academic year. Requests for alterations of contract within the academic year will be agreed where capacity allows (for increases) or where alternative work can be found for the teacher (for decreases).
5. **Teaching weeks:** Whole Class National Curriculum teaching is charged over the whole academic year, with an expectation that NMPAT teachers will be available to the school each week of the year that they are required.
6. **Levels of delivery:** NMPAT expects to deliver National Curriculum teaching and First Access projects to a whole class.
7. **Refunds:**

Where lost teaching time is created by school or classroom closures or pupil absence, and where the NMPAT teacher was available to work, no refund will be provided.

Where lost teaching time is created by the inability of NMPAT teachers to deliver, then subject to potential 'catch up' referred to in 1a. above, NMPAT will provide a refund against the lost teaching time.

Parental contract

- The school agrees to write to parents, and to follow up, in order to establish the initial communications between NMPAT and the parents of students learning or wishing to learn music in school.
- The contract for the provision of lessons by NMPAT teachers is between NMPAT and individual parents of each student.
- Where the school agrees to provide support (pupil premium etc.) to individual students, the school agrees that NMPAT will reduce fees charged to the parent and the school agrees to reimburse NMPAT for the discount given by NMPAT to individual parents.
- NMPAT will collect fees due from parents and the school will have no responsibility for unpaid fees.

Missed Lessons

- NMPAT asks for commitment by the school to release students for their music lessons wherever possible, and to assist NMPAT in any unresolved disputes which arise with parents as a result of NMPAT's inability to catch up lessons lost due to school activity conflict or non-release of students from curricular activities.
- Where schools are unable to accept instrumental or vocal teachers on its site due to pandemic or epidemic related reasons, NMPAT will be unable to accept cancellations or make refunds to the school or to parents for resulting lessons they are unable to catch up.

- Where schools are unable to accept NMPAT teachers because of unavoidable closures e.g. training days or school activities e.g. sports days or trips, at least one month's notice should be given, in writing, to the NMPAT office.

- The school agrees to help maintain a list of students interested or potentially interested in receiving music lessons.
- The school agrees that NMPAT may distribute literature to students already learning as well as to students who may be interested in learning and the school will facilitate the distribution of such literature. NMPAT undertakes to agree the content of marketing literature with the school prior to distribution.

Pupil Profiles

NMPAT Teachers will write a Pupil Profile for each student during the second part of the spring term. These will be shared with schools during the first part of the summer term and we ask that they are distributed to parents before May half term.
